

# Freshman Year Head and Chair of Numerical Sciences OR Chair of Life Sciences

## Job advertisement

**Opportunity for an exceptional candidate to be Head of Freshman Year and be part of our Teaching and Learning Team as Chair. As Freshman Year Head you would be shaping the first year (age 14-15) of an internationally acclaimed, innovative, educational institution, based in Budapest and as Chair you would play a pivotal role in advancing our module design, promoting excellence in teaching, and contributing to the continuous development of our institution.**

We are one of the best advanced education institutions in Europe, providing all our pupils with a unique education that empowers them to take ownership of their learning activities. The Freshman Year of Milestone Institute currently provides first-class academic education to 40+ students based on our firmly held values. Our Teaching and Learning team consists of 8 Chair who are collectively responsible for more than 90 modules we offer to our student body. Our modules are interdisciplinary, interactive and incorporate cutting edge pedagogical techniques to further the development of our students aiming for Top QS Universities.

### **The role**

We are seeking an exceptional candidate as Head of Freshman Year, to work in close partnership with the Head of Lower House (Access, Freshman, and Sophomore Years) and the whole of the Lower House Team. Additionally, as Chair you would be closely working with the Teaching and Learning Team, under the guidance of the Head of Teaching and Learning.

The successful candidate will have the opportunity to grow with the institution and the programme. We will provide one-to-one support, group supervision, and the opportunity to work creatively in one of the most innovative hubs in the education sector.

### **You will**

- lead and represent the programme to a variety of stakeholders
- communicate and inform parents about the content and the outcomes of the Programme
- have the drive, skills and resilient character required to help further Milestone's mission to provide exceptional learning opportunities for students from all backgrounds
- commit to continually improving classroom practice and raising attainment

## Requirements

- C2 level English
- C2 level Hungarian
- MA Degree
- Experience in teaching or administration
- Expertise or MA degree in Life Sciences or Numerical Sciences education or research (biology, chemistry, mathematics, computer science, economics, biomedical science or medicine)

For further information refer to the [full job description](#) and person specification.

## Milestone Institute offers:

- Competitive salary
- A welcoming team of highly-trained, motivated, collaborative colleagues
- Access to high-quality, regular professional development
- Opportunities to innovate in cooperation with colleagues across all departments of the Institute

## How to apply:

Application is by CV and cover letter via the [application link](#) here (including an indication of salary expectations, and response to the Question "Why would you like to take on the challenge, and responsibility of becoming the Head of the Freshman Year?")
